

I Choose Joy

Zach McAnulty, Timothy Starnes

Key of G

Verse 1:

1 **1/3** **4**
I praise you when my life is in its hardest fight
I thank you when everything is going right
I praise you when my world around is crumbling
I thank you cause my life was freed from all my sin

Chorus:

5
I choose joy
6m **4**
Cause you are greater than my pain
I choose joy
Whenever trials come my way
I choose joy
As every mountain fades away
I choose joy
Freedom is promised in your name

Bridge:

5 **4**
The battle almost had me overcome
The weight of every sin I've ever done
My failures had me thinking I was dead
5 **2m**
But it wasn't over yet, But it wasn't over yet
5 **4**
Jesus rose and claimed me as his own
Erasing all the shame I've ever known
We join creation with the song we sing
5 **2m**
Yours is the victory, you have the victory
